AUDIT DOCUMENTATION CHECKLIST

INTERNAL CONTROLS

The purpose of this checklist is to assist counties in determining if they are maintaining an adequate audit trail in the event of an audit. Because each agreement is slightly different, this checklist is merely a guide that covers general audit areas. All questions in the checklist have been designed to show a "YES" or "N/A" for favorable responses. All "NO" responses identify situations that require research or clarification since the audit trail or records could be improved upon. However, judgment should be used in answering each question since each audit trail is different. Overall, documentation shall be maintained in such detail so as to provide an audit trail that will permit tracing of transactions from the invoices to the financial statements, to the accounting records, and to the supporting documentation.
